Please make sure you lock the gate if you are the last one out but do not bypass Flood Control's lock at the front gate.

Board Meeting 6/21/2016

+ **Members Present:** Gary Porter, John Mangino, Steve Ross, Paul Goldsmith, Vance Giovanni, Jim Compton, Joe Miele, Jerry Morescki, Gary Switala.

+ **Board Meeting minutes**: Skipped

+ **Treasurer's Report:** Steve has the new printer up and running. He discussed the funds in both accounts and mentioned that we have to keep a minimum in the checking to avoid fees. All the bills are up paid to date.

+ **Membership:** There are 213 members as of today.

+ **Safety:** OK

+ **Events:** Beat the Heat is 7/23-24 in Flagstaff. The EF-1 races start again in September.

+ **Sound:** No problems.

+ **Old Business:** Gary gave a summary of the pattern event. They made about $200.00. There was a problem with the pattern governing body as to dates which is why he didn't have more entries. Hopefully that will be settled by next year.

+ **New Business:** There will be a check list coming out for the CD's of the events to facilitate everything being done in a timely matter. The board approved a war bird event the first weekend in December. The event will be 12/ 3, 4, 5/ 2016. Plane must have been flown with a military organization at some point in its service life. The planes can be any color scheme so that racers and civilian versions can be flown. John Mangino will be the CD. See the flyer at the back of the newsletter.

There has been a problem with the gate being left unlocked overnight. There was some vandalism to the field. Lock the gate, it's your money being spent to make the repairs. If it persists we will wind up having to lock the gate each time we come in and out like The Sun Valley Flyers have to.

A night fly was mentioned.

Meeting adjourned at 7:40 PM.

Several electric/RC planes for sale from my collection:

Hobby Lobby's "Miss Two" High wing trainer with upgraded motor.

Hobby Lobby's Super Miss trainer with ailerons and upgraded motor.

Easy Star foam powered glider with Radian wings and upgraded (hot) motor.

Several "built from plans " oldtimers" that are all excellent flyers.

Two hand built, contest quality hand launched gliders, trimmed and ready to fly.

Several beautiful rubber powered scale models built by a master modeler.

Many more to look at while you are here. I have about 30 models. Most are for sale.

The "old timers" are contest proven winners in most cases.

Prices not "cheap" but are very reasonable!

I plan on including the ESC with each plane if already installed. All you will need is a receiver and battery.
