## **Summer Safety In The Desert**

Now that summer is here, and things are heating up there are a few points to remember when going out in the desert to retrieve your aircraft.

- 1) Always carry water with you out in the desert
- 2) Make sure you have your cell phone with you, and it is turned on.
- 3) Give you cell phone number to a friend or someone in the pits in case of an emergency.
- 4) Be aware of your surroundings by always watching ahead to where you are walking. Snakes and cactus can pop up anywhere.
- 5) And last do not stay out there for too long a period as heat exhaustion can sneak up quickly.

Let us be safe and always think!!
